

# Primary/Extended Day Snack List 2019-2020

**Due to Primary students with life threatening allergies, our Primary/Extended Day Classrooms are peanut and tree nut free.**

Please read ingredient lists carefully. **Please read labels carefully and note that even non-nut foods may be contaminated if processed in a plant where tree nut or peanut products were prepared. We have several children with life threatening allergies to peanuts and tree nuts.** Due to the severity, we must require that all families refrain from including these products in snacks and children's lunches.

- It is helpful when snack **arrives by 8:45 a.m.** and is already cut and prepared to serve 25 (please do not send beverages). Some suggestions are in our school handbook.
- If you are on the list for the first three weeks of school, you can help us by bringing a snack that is easy to serve when all the children are sitting in a circle around the "blue rug". This helps us transition into our snack traditions for the year.
